

Rebuilding Omaha Communities Together

Rebuilding Together Omaha is a partnership of Omaha businesses, organizations and volunteers who work together to repair and rehabilitate homes of low-income elderly and disabled homeowners.

We provide year-round assistance to persons who need help with home repairs through

- Rebuilding Together Day
- Emergency Repairs
- Healthy at Home modifications

Rebuilding Together Day

On the last Saturday in April Omaha's Rebuilding Together assembles 30 to 40 teams of volunteers to repair homes for qualified homeowners in older areas of Omaha.

Teams paint, clean and repair bathrooms, kitchens, porches, stairs and more. Rebuilding Together provides all materials and supplies through

- Monetary contributions from sponsors, and
- In-kind donations from local retailers.

Teams provide the tools, food, and most importantly, the people to get the work done.

Emergency Repairs

When the plumbing leaks, the electricity goes off or the furnace quits you need help NOW! Rebuilding Together can hire building and repair experts, including plumbers and electricians, to make emergency repairs for homeowners in need.

Healthy at Home

The Healthy at Home modifications, like installing grab bars in bathrooms, handrails on stairways and widening doorways, are some of the changes professionals can make to help our clients with day-to-day living.

Who We Help

Our clients are, on average, more than 70 years of age or permanently disabled. Their homes have fallen into disrepair, and they don't have the financial resources or the physical ability to do the work.

We Can Rebuild Together, You Can Help

The more people, materials and money we have, the more houses we can repair. Home repairs can't wait. Well-maintained properties are assets to neighborhoods. Your contribution helps the entire community. Please sign up now. *Thank you!*
